

ADMINISTRATIVE CONFERENCE OF THE UNITED STATES

POLICY AND PLANNING MEMO

Date: June 26, 2019
To: Kyle Riggs, OMB Examiner
From: Harry M. Seidman, ACUS Director of Finance & Operations
 Shawne C. McGibbon, ACUS General Counsel
Subject: Circular A-11, Agency Operations in the Absence of Appropriations

The Administrative Conference of the United States (ACUS) is an independent Executive Branch agency funded by annual Congressional appropriation. The following document establishes procedures for continued operation or orderly shutdown of the agency in the event of a temporary lapse in appropriations.

Lapse Plan Summary Overview: Administrative Conference of the United States (ACUS)	
Estimated time (to nearest half day) required to complete shutdown activities:	<i>0.5 days</i>
Total number of agency employees expected to be on board before implementation of the plan:	<i>15 FTEs</i>
Total number of employees to be retained under the plan for each of the following categories:	
Compensation is financed by a resource other than annual appropriations:	<i>0 FTEs</i>
Necessary to perform activities expressly authorized by law:	<i>0 FTEs</i>
Necessary to perform activities necessarily implied by law:	<i>0 FTEs</i>
Necessary to the discharge of the President's constitutional duties and powers:	<i>0 FTEs</i>
Necessary to protect life and property:	<i>0 FTEs</i>
Brief summary of significant agency activities that will continue during a lapse:	
Congress has consistently appropriate two-year funding for agency operations. Therefore, ACUS may remain open, operating on prior-year appropriation, if a) remaining prior-year budgetary resources permit, and b) management deems it prudent to do so.	
Brief summary of significant agency activities that will cease during a lapse:	
Congress has consistently appropriate two-year funding for agency operations. Therefore, ACUS may remain open, operating on prior-year appropriation, if a) remaining prior-year budgetary resources permit, and b) management deems it prudent to do so.	

Appropriations, Shutdown Duration, and Agency Profile

ADMINISTRATIVE CONFERENCE OF THE UNITED STATES

In each fiscal year since ACUS' reestablishment in 2010, Congress has appropriated two-year funding for agency operations. Therefore, ACUS' FY 2019 appropriation remains available for agency use through September 30, 2020. In the event of a lapse in appropriations, ACUS has the authority to continue normal operations using a prior year appropriation provided enough funds remain.

Experience indicates that ACUS may have enough prior year funds to sustain a short lapse in appropriations lasting up to 10 working days. However, a lapse of greater than 10 days would likely necessitate a suspension of normal agency operations.

ACUS' organizational structure makes possible both rapid shutdown and rapid resumption of operations. The agency consists of approximately 15 full-time staff members. Additionally, all agency staff are in a single office in downtown Washington D.C. ACUS does not have any satellite offices nor full-time telework employees although agency IT systems are configured for full remote access on an as-needed basis. ACUS' full-time on-site contractors will be placed on unpaid leave should the agency shutdown. ACUS does not have any grantees.

Orderly Shutdown of Agency Operations

If ACUS management determines there are insufficient prior year funds for continued operations or otherwise determines it infeasible or impractical for the agency to remain open during a government shutdown, the following plan shall be put into effect.

- An orderly shutdown of agency operations is anticipated to take less than half a day.
- All agency operations shall cease for the duration of the appropriations lapse.
- The agency Vice Chairman shall remain available as needed to perform any activities expressly authorized by law, necessarily implied by law, necessary to protect life and property, and/ or necessary to the discharge of the President's constitutional duties or powers.
- Any agency-issued telecommunication devices will not be collected or disabled, but employees will be instructed not to use the devices during the shutdown.
- Employees will receive information and instructions about how to keep abreast of the status of the shutdown and resumption of agency operations.
- As needed, contractors performing research on behalf of the agency will be informed of the shutdown and advised to cease work pending resumption of agency operations.
- Scheduled meetings and other events will be postponed.

Resumption of Agency Operations

Once a lapse in appropriations has ended:

- Unless otherwise specified, agency operations shall resume on the next workday following restoration of an appropriation.
- Resumption of agency operations, including restarting Information Technology (IT) systems can occur quickly and, if need be, remotely. Restarting operations will not exceed half a day.

ADMINISTRATIVE CONFERENCE OF THE UNITED STATES

- Agency employees will be notified via phone that operations have resumed.
- Additional flexibilities like telework and leave options are available if employees have problems returning to work on the day specified. Ad-hoc telework agreements are already in place for all agency personnel.
- Agency research contractors will be notified to resume their work; and adjustments to the previously-established due dates may be considered based on the length of the shutdown.

Summary

In the event of a lapse in appropriations, ACUS management has significant flexibility and discretion to either remain operational by using prior year appropriated funds or to implement a rapid and orderly agency shutdown as outlined.
