

Comment from Consultative Group Member Steph J. Tatham on *Disclosure of Agency Legal Materials*
August 16, 2022

Please see the below linked resource related to NARA's retention of EOs and information about their disposition. <https://www.archives.gov/federal-register/executive-orders>. More recently, it appears that information about Executive Orders has been maintained by OFR: <https://www.federalregister.gov/presidential-documents/executive-orders>. OFR maintains notes that show the disposition of EOs.

Part 3 of the CFR also contains a variety of Presidential documents, such as standards of conduct and proclamations.

Miriam or others at NARA/OFR may be able to provide more information on archiving these types of written Presidential directives.
