

**Comments on Plain Language in Regulatory Drafting**  
**Carol Ann Siciliano/EPA**  
December 11, 2017

**Page 2, line 19:** replace “explain” with “**provide recommendations on.**”

Reason: Guidance documents don’t “explain” “how to comply” with regulations. “Explaining” could be construed as providing a safe harbor of compliance, which guidance documents cannot do.

**Page 7, line 129:** Redraft for clarity:

~~“Agencies should issue~~ **When drafting** regulatory guidance, **agencies should tailor the guidance tailored** to the informational needs....”
