Subject: Patent small claims court

Hi,

I'm 84.5 years old with shoeshine kits I've been working on for decades. Legal Corps might do the legal work to get patents for free. I have a mental illness which means that I have been unable to have high paying jobs to accumulate money to fight off patent infringers with very deep pockets who would try to continue litigation until I am bankrupt with Attorneys fees. I need the court to focus on small businesses and have swift justice that does not DRAG ON FOR MONTHS OR YEARS JUST ADDING UP THE ATTORNEY COSTS TO THE INVENTOR.
