

ARTIFICIAL INTELLIGENCE IN FEDERAL AGENCIES

Government by Algorithm: Artificial Intelligence in Federal Administrative Agencies

Symposium Presented by:

Administrative Conference of the United States and the Institute for Technology Law & Policy at Georgetown Law

Thursday, June 25, 2020, 1:00 p.m. – 2:15 p.m. ET

Webinar (registration required at link below)

Artificial Intelligence plays an increasingly important role in the administration of federal programs. Through four virtual panels this summer, ACUS and ITLP will explore current and future agency uses of AI and their interplay with administrative and constitutional law doctrines.

The first panel will feature the authors of a report commissioned by ACUS, *Government by Algorithm: Artificial Intelligence in Federal Administrative Agencies*.

Opening Remarks

Matthew Wiener, *Vice Chair and Executive Director, Administrative Conference of the United States*

Panel Discussion

Justice Mariano-Florentino Cuéllar, *Supreme Court of California and Stanford Law School*

David Freeman Engstrom, *Professor of Law and Associate Dean for Strategic Initiatives, Stanford Law School*

Daniel E. Ho, *William Benjamin Scott and Luna M. Scott Professor of Law, Stanford Law School*

Catherine M. Sharkey, *Crystal Eastman Professor of Law, New York University School of Law*

Moderator: Hillary Brill, *Interim Executive Director, Institute for Technology Law and Policy*

Closing Remarks

Hillary Brill, *Interim Executive Director, Institute for Technology Law and Policy*

Registration Required:
