

## Comments from Senior Fellow Alan Morrison on Disclosure of Agency Legal Materials

June 7, 2023

I have some small proposed amendments. Here they are:

I suggest adding “Proactive” to the title “Disclosure of Agency Legal Materials” lest someone think this is about FOIA-requested disclosures.

Page 2 line 18, I suggest that “could” be changed to “should.” Agencies “can” almost always do something; the issue is, should they.

Page 3, line 46. I think the conference would like agencies to follow these, as well as its prior recommendations, even if Congress does not act. For that reason, I suggest adding “these and” after “identified in.”
