

Comment from Government Member Stephanie Tatham on *Identifying and Reducing Burdens in Administrative Processes*  
December 8, 2023

Lines 44-45: Insert “and all relevant law and policy” after “Fair Information Practice Principles.”

Suggested addition because the FIPPs are useful principles, but they do not embody all of the legal and policy requirements (e.g., the Privacy Act).

Line 170: Insert “and Senior Agency Official for Privacy” after “chief data officer.”

Suggested additions in draft Recommendation 19 and 20 given privacy law and equities.

Line 172: Insert “and all relevant law and policy” after “Fair Information Practice Principles.”

Lines 176-177: Insert “and Senior Agency Officials for Privacy” after “chief data officers.”
