

Comment from Senior Fellow Alan B. Morrison on *Clarifying Statutory Access to Judicial Review of Agency Action*  
April 22, 2021

I will not be at the next meeting and I have a few editorial comments on the preamble.

Page 2 line 18 - after “new” insert “or amending existing” specific judicial review statutes.

Page 3, line 64 - it should be conformed to amended rec 4, now 5.

Page 4, lines 87- 88 (largely to get rid of deemed) change to read as follows:

“the service requirement is satisfied if the document is served on the agency within the number of days specified in the statute.”

Thanks,

Alan
